

10th Asia-Oceania Human Proteome Organization Congress

AOHUPO

Issue Date:
April 20th, 2021

June 30^{WED} – July 2^{FRI}, 2021

**PROTEOMICS:
FROM DARK
TO BRIGHT**

5 Plenary Lectures,
12 Symposia,
10th AOHUPO Special Session,
Education Session,
C-HPP Symposium

Early Registration D-24

On-site participation is limited to 100 people including number of speakers, chairs and organizers.
(first-come, first-serve basis)

OVERVIEW

Title	10th Asia-Oceania Human Proteome Organization Congress
Date	June 30 (Wed) ~ July 2 (Fri), 2021
Venue	Busan, Korea
Organized By	The Korean Human Proteome Organization
Website	AOHUPO2021.org

REGISTRATION

Regular	Early Registration	₩ 100,000(\$100)
	Late Registration	₩ 200,000(\$200)
Student	Early Registration	₩ 50,000(\$50)
	Late Registration	₩ 100,000(\$100)
Education Session ₩ 50,000(\$50)		

KEY DATES

Early Registration	~ May 14, 2021
Abstract Submission	~ May 14, 2021
Late Registration	May 14-June 29, 2021
On-site Registration	June 30-July 2, 2021

Plenary Speakers

Matthias Mann

Kyungjae Myung, Ph.D.

Kyungjae Myung, Director of the IBS Center for Geonomic Integrity, Distinguished Professor in UNIST, is a world-class scholar.

He is a biologist researching DNA repair pathways at the molecular level.

He received B.S and M.S. degrees from Seoul National University, Korea, majoring in Zoology and Molecular Biology. He completed a PhD in Molecular and Cellular Biology and Biochemistry at Brown University.

He did his postdoctoral training at Ludwig Institute for Cancer Research in the University of California, San Diego from 1999 to 2002. His first appointment was as an investigator and section head in the Genetics and Molecular Biology Branch of the National Human Genome Research Institute (NHGRI) under the National Institutes of Health.

He was promoted to a senior investigator and section head in 2009, a position he held until 2014.

He has been a guest associate editor for the journal *PLoS Genetics*, a guest editor for *Mutation Research*, and been on the Editorial Board for *Genome Instability and Disease*, *The Journal of Genomics* and *Genome Integrity*.

He won 19 awards. The most recent award among them is Genetic Society of Korea Scholar of the year 2017. He received grant more than 27times, He gave more than 88 invited lecture and his Publications and Peer Reviewed are over 95times.

If you register, you can experience how his academic achievement is performed and make interaction with the speaker through Q&A time after his session.

Please do hurry for early-registration!
